### First played/associated with Pirates Rugby

Got roped into a game in 1992 when I was about 55kgs – played against the cannons and was crapin' myself the whole time.

### Favorite Pirate Moment

50m try against Dorrigo (2004) to secure the game and lock in our spot to play the grand final. People from the crowd were chanting “Harvey; Harvey!” – gave me a head swell I know. Or maybe on a Silly Sunday (2004) when our English import; Adam Wilson got done at his own game and had to cop drinking a full beer using hairy man Squirta and the back crack and sack method (Squirta had just finished doing a number 2); I was laughing and dry reaching at the same time!

Most People don't know that I.... opened the door of a twin engine aero plane when flying to Lord Howe Island; I was about 4 years old.  
Got third in Australia for body boarding in 1992; used to be the biggest wax head ever!
